Highlights

In-line remote with mic
Want to skip a track? Change the volume? Accept or reject a call? Record a voice memo? The remote features a sensitive mic as well as volume controls, call and skip functions. It can also trigger voice control. With this headset, control is at your fingertips - no need to keep your iPhone or iPod accessible or to unlock the screen.

Blissfully comfortable
Designed for blissful comfort, these headphones are wrapped in a gel sleeve. The soft sleeve gently moulds to the shape of your outer ear to make these your new favourite headphones.

Accurate sound
Ergonomically designed to deliver accurate sound directly into your ear. A perfect seal keeps noise out for pure immersion in your music and calls.

For best sound at low volume
You don't have to turn up the volume in noisy places any more. Angled Acoustic Pipe and the perfectly sealing ear buds cut off background noise significantly, delivering the same quality sound at a lower volume and with a longer battery life.
